Ham Fair 2010 in Tokyo

Manabu, JE1RZR #15020

Ham Fest 2010 was held in Tokyo Big Sight during last weekend of August. We members of FISTS in Tokyo attended at booth cooperated by three CW clubs; CWops, Japan Brasspounder Association and FISTS.

A lot of visitors dropped at our booth showing interest in CW activity. Our technical master, Jun, JQ1BWT #15036 demonstrated how to operate CW by software CW Communicator through internet.

Great appreciation to all FISTS in abroad sent a message for Ham Fest in Tokyo. All messages and photos put on the wall made booth so attractive.

As promised we enjoyed a nice talking after attending booth at Japanese traditional bar without QRM. Ken, JG0MWU #15015 took part the party from Nagano city.

Special thanks to Hoz, JL1IRB #15030, his XYL Rie, JN1XLV #15024, Masa, JI1IZW #15026 made a great effort to organize the booth and other doners.

Thanks for reporting, Manabu. Here are additional pictures that I took screenshots of realtime streaming which

was relayed via the Internet by Jun, JQ1BWT #15036. -- Editor
